

## Supporting Investments that Preserve Affordable Housing & Prevent Displacement

# D.C. Affordable Housing Preservation Fund

Washington, D.C.'s Department of Housing and Community Development (DHCD) has selected Capital Impact to manage the new Affordable Housing Preservation Fund in the District.

Capital Impact is leveraging funding from DHCD to deploy at least \$20 million in low-cost and flexible financing to private nonprofit and mission-driven for-profit developers that have multifamily housing projects in the District to preserve 750 affordable units.

Capital Impact believes that mixed-use, mixed-income neighborhoods with easy access to employment and critical social services contribute to the vibrancy and economic growth of the city. Capital Impact also believes that it is critical to preserve affordable housing and prevent displacement in neighborhoods that are rapidly gentrifying.

We are thus focusing our efforts on projects that preserve affordability, and create community stability in those part of the city that are increasingly a target for development.
